21134 E. Glen Haven Circle, Northville, MI 48167 • 248.207.0242 • tkloote@gmail.com • timkloote.com

WORK EXPERIENCE

JUL 2018 -
PRESENT
BIRMINGHAM, MI

SENIOR USER EXPERIENCE INTERFACE DEVELOPER

Works on the Quantum development team at MRM to create fully functional front end web components to be integrated into the live GM brand sites for Buick, Cadillac, Chevrolet, GMC, AcDelco and GM Fleet. We use Handlebars, HTML5, SASS, jQuery & JSON data to produce working concepts which are displayed in an internal design tool referred to as the GM Style Guide.

Collaborates closely with the UI / UX team with Sketch, Photoshop and Illustrator to take creative design concepts and turn them into working prototypes. Very specific branding guidelines for each GM brand requires high attention to detail.

OCT 2015 -
JUL 2018
